

THE ARIZONA REPUBLICAN.

VOL. I.

PHOENIX, FRIDAY MORNING, MAY 30, 1890.

NO. 12

CRITICISING POWELL.

Senator Stewart Warns Up the Surveyor.

The Senate Considering the McKinley Bill.

Lively Discussion Over the Liquor Bill—The Vote in Detail—Public Building Bills in the House.

WASHINGTON, May 29.—The Senate finance committee this morning took up the tariff bill and considered by paragraphs over thirty-eight items, thirteen of the most important being passed by without action. When the noon hour arrived, the question of future meetings was reached. Hiseock moved that a sub-committee from each side be appointed to prepare such schedules as should be advocated by either party on the floor of the Senate, with the requirement that each side submit its schedule to the other as soon as prepared. Adopted.

STEWART'S SHARP THROTS.

Mr. Stewart rising to a question of personal privilege had read an article from a local paper containing a statement by Major Powell, director of the geological survey, in reference to a statement in a recent resolution in which Powell spoke of the movement as instigated by land sharks and speculators for the purpose of "gobbling up irrigable lands and establishing a sort of hydraulic federal system." Mr. Stewart sketched out a line of what had been done in the West recently with the appropriations.

Powell, he said, had used more than half of the appropriation in that and expensive surveys of no practical use for the object in view and he intimated that Powell had enormous power in both Houses for his giving employment to a lot of young men, sons and relatives of members of Congress and that he kept an enormous lobby in Washington to control the action of Congress. The Bureau of Geology and Mineralogy was nothing, Stewart said, but a mass of humbug and foolishness.

Gorman defended Major Powell as a valuable officer who discharged his duty faithfully. Teller introduced a joint resolution setting forth his determined policy to have the United States government use both gold and silver as full legal tender money under the ratio now existing in the United States or which may hereafter be established by the United States alone or acting in accord with other nations. It was laid on the table and ordered printed.

DISCUSSING THE LIQUOR BILL.

The imported liquor bill was then taken up, the question being on the following substitute offered by Gray to substitute from the judiciary committee: "That fermented, distilled or other intoxicating liquors transferred as an article of commerce or brought into any State or Territory for use, consumption or sale thereon, shall not be exempt from the operations of the laws or regulations and control of the police or taxing power in such State or Territory affecting or applicable to all other live property by reason of such liquor being in original package of importation or transportation, or subjects of inter-state or foreign commerce."

Gray's amendment was agreed to, Yeas 39; Nays 21. The yeas were: Allison, Bates, Blair, Blodgett, Coke, Dawes, Edmunds, Eustis, George, Hoar, Ingalls, Moon, Moody, Morrill, Paddock, Plumb, Power, Sherman, Vest and Wilson, of Iowa.

VEST GROWS FACETIOUS.

Vest moved to amend the substitute by making it apply to fresh beef, veal, mutton, lamb and pork, and argued that if the bill was to become a law it should not be confined to intoxicating liquors. This was the first time he knew of the Supreme Court being a suggestor of remedies. The proposed law would produce chaos, but if he were wrong in his position and the friends of the bill were right, then he wanted to give the cattle raisers of the west some of the privileges granted the Iowa Legislature in regard to the exclusion of alcoholic stimulants. He had served on the Senate committee in relation to the business and found an alarming state of things in the inspection of beef cattle.

The vote on Vest's amendment was, yeas 35; nays 32. The yeas being: Call, Morgan, Payne, Stewart and Vest.

HOW IT WAS PASSED.

Wilson, of Iowa, offered a substitute for Gray's amendment providing that liquors transported into any State or Territory for use, consumption or sale, or storage, shall on their arrival be subject to the operation and effect of the laws of such State or Territory enacted in the exercise of its police power, and shall not be exempt therefrom by reason of their being introduced in original packages. Wilson's substitute adopted, Yeas 23; Nays 20.

The bill was then passed by 34 to 10, as follows:

Yeas—Allison, Allison, Blair, Call, Casey, Colquhoun, Cullum, Davis, Dixon, Dole, Edmunds, George, Hawley, Hiseock, Hoar, Ingalls, Jones, of Nevada, McMillan, Mitchell, Moody, Morrill, Paddock, Platt, Plumb, Power, Pugh, Sawyer, Hoover, Stewart, Stockbridge, Walhall, Washburn, Wilson, of Iowa.

Nays—Bate, Blodgett, Cockerell, Cook, Harris, Jones, of Arkansas, Turpie, Vance, Vest and Voorhees.

Voorhees moved to amend the title by making it read: "A bill to overrule the decision of the Supreme court of the United States in its interpretation and construction of the constitution on the subject of commerce between the several states and thereby relieve the State of Iowa from the consequences of her own misguided legislation."

Rejected.

The title was then amended on motion

tion of Wilson, of Iowa, to read "A bill to limit the effect of the regulations of commerce between the several states and with foreign countries in certain cases."

The river and harbor bill was received from the House and referred to the committee, when the Senate adjourned until Monday.

THE HOUSE.

WASHINGTON, May 29.—The committee on public lands reported back with amendments the Senate bill for a general forfeiture of land grants. The report was ordered recommitted.

The Senate bill for the relief of the widow of Rear Admiral David McDougall was passed.

The committee on foreign affairs decided to report favorably a bill for the survey of a railway connecting North and South America.

Among the public building bills temporarily laid aside, but favorably entertained, were those for Stockton, Cal., \$75,000, and Portland, Ore., \$400,000.

There was a lively tilt on the question of the public building bills, brought out by the bill for a public building at Bar Harbor, Maine, to cost \$75,000. Mr. Mills had asked what the direction of the committee was, and Mr. Milliken replied two Republican bills would be called up and then one Democratic bill. Mr. Mills thought this unfair, and that the committee should alternate between the two sides. Mr. Allen declared the whole system was vicious and that politics should have nothing to do with the question. The committee finally rose, when the agricultural bill was reported and the house adjourned until Monday.

FURIOUS FLAMES.

SEATTLE HAS ANOTHER SERIOUS FIRE.

Many People Narrowly Escape from the Burning Buildings—St. Louis and Chicago are Also Victims.

SEATTLE, May 29.—The block of frame buildings bounded by King, Commercial and Weller streets was destroyed by fire this morning.

Nine lodging-houses and cheap hotels were burned, and two hundred of their three hundred inmates barely escaped with their lives.

It is supposed that five persons perished. The scene is indescribable.

Men, women and children jumped from third-story windows into blankets.

Nearly 100 unfortunates were running about the street with nothing but night garments to cover them.

The lost is supposed to aggregate \$850,000; insurance about \$15,000.

ST. LOUIS, May 29.—The Laclede flouring mills burned this morning; loss, \$125,000.

CHICAGO, May 29.—Five acres of frame buildings, comprising the Lyman A. Building pickle works, at Bowmanville, burned last night; loss, \$200,000.

SHANGHAI, May 29.—The steamer Pas Ching, plying between Chinese ports, was burned. Twenty-two persons are missing.

WASHINGTON GLEANINGS

THE RAILROAD COMMISSIONERS CONVENTION.

Text of the New Land Grant Forfeiture Bill—More Evidence for the Breckenridge-Clayton Contest.

WASHINGTON, May 29.—The Railway Commissioners' convention met today and adopted resolutions favoring uniform classification, greater uniformity in the annual reports and a railway accounting on the matter of railway appliances. Members of the convention almost unanimously favored legislation requiring railroads to be supplied with the latest improved couplers, brakes, etc.

The bill for the erection of a public building at Walla Walla, Washington, for \$400,000, was reported to the House today.

The land grant forfeiture bill reported to the House today by Payson of Illinois, is made up of a part of the Senate bill and of the bill originally reported by the House committee. Section two of the original House bill allowing settlers to make entry upon forfeited lands to under the provisions of the homestead law is a part of the new bill. The cost to settlers of the restored lands is fixed at \$1.25 an acre.

Senator Plumb today proposed an amendment to the McKinley bill, a bill introduced by him for the appointment of a permanent customs commission to investigate and report upon all matters affecting the tariff.

The sub-committee which has been investigating the Breckenridge-Clayton case received a formal application from ex-Attorney-General Garland, attorney for Breckenridge, for prolonging the investigation and examination of a number of witnesses.

The application sets forth many points the defense expects to prove, among them that colored men who desired to vote the Democratic ticket were prevented from doing so by church influence or from fear of mob proscriptio.

NEW OFFICIALS.

The Atchison Takes Full Control of the Atlantic and Pacific.

New York, May 29.—The directors of the Atlantic and Pacific Railroad met this afternoon and elected the following officers: Chairman of the Board of Directors, Geo. C. Wagner; President, Allen Manvel; First Vice-President and general auditor, J. W. Farnham; Second Vice-President, O. A. Robinson; General Counsel, J. J. McCook. The new officers all represent the Atchison company. At a meeting of the St. Louis and San Francisco Directors today, E. T. Winslow tendered his resignation, and Allen Manvel, president of the Atchison company, was elected his successor.

THE PACIFIC COAST.

Daring Daylight Robbery in San Francisco.

The Thief Claims He Was Starving.

The Sacramento Federated Trades to Test the Eight-hour Law on Public Works.

SAN FRANCISCO, May 28.—Joseph Nolan, collector in the Hibernia bank, was entering the postoffice this afternoon to cash a money order when a young man stepped up behind him and snatched a bag of money from his shoulder. Nolan gave chase to the robber but was unable to overtake him. Officer Jerry Dwyer joined in the chase and after a run of some blocks the fugitive was overhauled and led back to the city prison. When entering in the gate he fell in a faint from exhaustion. He gave several names, but finally said his true name was John Wallace. He claims to have come here a short time ago from Edinburg and had not eaten anything for three days when he attempted the robbery. The sack stolen by the robber was found in his pocket when caught. It contained \$1140.

THE CONSUL IS WORSTED.

SAN FRANCISCO, May 29.—The trial of A. S. Mendez and Manuel Lacio, accused of conspiracy against Alexander K. Coney, the Mexican Consul in this city, was concluded this morning by the jury rendering a verdict of acquittal. Coney claimed they conspired to have a suit, which was brought against him in the United States Court commenced by Mrs. A. De La Torre, because he refused to give them money or employment in the Consulate. On the other hand the defense charged Coney was prosecuting Lacio because he had been denouncing the Mexican government.

WANTED HIS PAY.

A Deputy Coroner Refuses to Hold an Inquest.

SAN FRANCISCO, May 29.—The Chronicle's Fresno special says: Peter Martin, a rancher near Fowler, accidentally shot himself with a rifle through the fleshy portion of his left leg, above the knee, yesterday afternoon and died early this morning.

Coroner Bishop is absent and Deputy Williams refused to hold an inquest, stating that his employer was already largely indebted to him for past services, which he never expected to recover. The deceased will be buried tomorrow without an inquest or investigation.

A Constitutional Question.

SACRAMENTO, May 29.—The local Federated Trades Organization has employed a lawyer to bring legal proceedings in the shape of a writ of mandate to compel the city trustees to work all men in municipal employ eight hours. The Federated Trades rely upon article 20, section 17, of the State Constitution which provides that eight hours shall constitute a legal day's work on all public work.

Bitten by a Rattler.

ANAHUIM, Cal., May 29.—A youth named Marion, living at Garden Grove, was bitten by a rattlesnake this afternoon on the leg. He is in a precarious condition and unconscious. His recovery is doubtful. This is the second snake bite in this neighborhood. Some months ago a rattler bit a boy near the same place and death resulted in a few hours.

His Last Retreat.

NAPA, Cal., May 29.—General William Sidney Jacks was found dead this morning in his chair. He was a native of New York, aged 81 years and came to California in '49. His death was the result of heart disease.

A School Master in Trouble.

FRESNO, May 29.—W. R. Bibbey, deputy county school superintendent, was held this afternoon on another charge of forgery, information having been filed against him on six other like charges.

TERRIFIC SAND STORM.

A Train Badly Wrecked on the Union Pacific Road.

PORTLAND, Ore., May 29.—Yesterday a sand storm along the line of the Union Pacific so heavily covered the track with sand that two passenger trains could not get through from The Dalles. During the night the track was cleared and the first train started from Portland. One mile east of The Dalles the train, while rounding a curve, ran into a sand heap, derailing the engine, mail and baggage cars. The mail car was totally wrecked. The engineer, fireman and two mail weighers were slightly injured.

A Northwest Blaze.

SEATTLE, May 28.—A fire occurred at Ballardtown that burned three frame buildings with most of their contents, entailing a loss of about \$16,000. It is thought the fire was of incendiary origin. L. D. Murphy, proprietor of a general merchandise store, loses about \$10,000; insured for \$6500.

KILLED HIS MOTHER.

The Result of Careless Handling of a Revolver.

TACOMA, W. T., May 29.—Yesterday at Wilkinson, Mrs. Isabella Irish was seated in the front room of her residence, engaged in entertaining a visitor, when there was a report of a pistol in the

next room and Mrs. Irish fell to the floor and immediately expired.

It was found that her son aged twenty-four years was in an adjoining room handling a pistol. This was discharged the bullet passing through the partition dividing the rooms and striking his mother in the neck.

Beginning Early.

SAN FRANCISCO, May 29.—At a meeting of the commissioners of the San Francisco World's Fair Association today, it was decided to call a State convention to meet in San Francisco, September 11. The call will include as delegates the editor or proprietor of any daily or weekly newspaper in the State, Mayor of each city and presiding officer of each municipal body as well as the delegates from the Viticultural, Horticultural commissioners and other similar organizations.

MEET A WARM RECEPTION.

MIDNIGHT REGULATORS MEET WITH THE CONTENTS OF TWO SHOTGUNS.

AGUSTA, Ga., May 29.—A band of disguised men went to the house of Bentley Davis, colored, at Spring Place, last night, presumably to punish his daughter, who had had trouble with a neighboring white girl.

Davis was apprised of their approach, however, and greeted them with the contents of a double-barrelled shot gun and a revolver. The crowd still pressed on and seized Davis, beating him senseless before they retired. Davis is fatally injured and several of his assailants must be badly hurt, as trails of blood lead in all directions from the cabin.

PRESIDENT ADAMS.

HIS ARRIVAL IN SAN FRANCISCO YESTERDAY.

Looking After the Union Pacific's Interests in the Northwest—To Visit Southern California.

SAN FRANCISCO, May 29.—Charles Francis Adams, President of the Union Pacific railway, arrived in the city today. He has been through Oregon and Washington in the interest of his road and is pleased with the traffic which has been developed in these States. His time while in Washington was largely occupied in looking after the proposed terminal at Olympia. Other northern projects of the company were also given due attention.

Adams' trip is not supposed to have any special significance or connection with the talk about an overland road, but his movements in Southern California, whither it is reported he will go, will be closely noted.

President Adams says the Union Pacific certainly does not contemplate building in this direction now and that no bonus which could be offered would be any inducement. All that would be asked would be acceptable terminal facilities.

"There was no intention," he said, "of continuing the extension in Nevada further than Milford, where they are now building."

TAKING POSSESSION.

ANOTHER HOLDOVER BOARD STEPS OUT.

The Lawfully Appointed Normal School Directors Take Possession of Their Trust—Plenty of Work Before Them.

The change of administration of the Territorial Normal School was completed yesterday by the general transfer by Ben Goldman, of the old board of regents, to James H. McClintock, secretary of the new board, of all books and papers appertaining to the business of the institution. The immortal Chas. M. Strauss has been forcibly ejected from the board of directors, Messrs. Goldman and Baxter gracefully accept the decree of the District Court and step down and out, and this, Arizona's principal institution of learning, is again in the hands of the party of progress and education.

It is said that during the term now closing the school has not received from those in charge that care and attention that an institution of its character demands. The grounds are in poor condition and all things connected with the school are in a state of confusion. The holdover board has, of course, been handicapped by the lack of means and rendered uncertain in their movements by the uncertainty of the tenure of their term of office.

The new board, who have patiently awaited for over a year the decision arrived at in the courts, will labor under neither of the disadvantages above noted, and from them may be expected results fully up to the wishes of the people. They will, without doubt, raise the school to a standard of learning and effectiveness that will rank with similar institutions in much older communities.

The board, consisting of Dr. F. J. Hart, president, Jas. H. McClintock, secretary, Hon. John Y. T. Smith and Hon. George W. Cheyney, will hold the regular annual meeting in the normal school building, at Tempe, on Thursday, June 8, when the affairs of their trust will be straightened out and business entered into in good shape.

NOT HIS FIRST OFFENSE.

Discovery of a Former Crime Committed by a Missouri Murderer.

SEDALIA, Mo., May 29.—The discovery was made today that John Williamson, under arrest for the murder of Jefferson Moore and son, is also the probable murderer of his own wife. The disappeared a year ago and today her body was found on the farm where the couple formerly lived. Mrs. Moore, the widow of the murdered man, was arrested today on the strength of Williamson's statement that she had hired him, by a former husband, and her son, to commit the murder.

THERE THEY GO.

Devotees of Racing Witness Fast Time.

Only Two Starters for the Brooklyn Cup.

Splendid Sport in the State of Blue Grass Renown—Base Ball—Notes of Fighters.

GRAVESEND, L. I., May 29.—The track was fast today and great racing resulted. The Brooklyn cup was the event of the day, but there being but two starters killed interest in it.

First race, three-fourths of a mile—Woodstone won, Topstaff second, Bella B. third. Time, 1:14½.

Second race, one mile—Belinda won, King Crab, second, Salvini third. Time, 1:44.

Third race, three-fourths of a mile—Tremont stakes for two-year-olds, Chatham won, Belero second, Correction third. Time, 1:15½.

Fourth race, the Brooklyn Cup, one mile and a half—Exile won, Sir Dixon second. Time, 2:35½. Only two starters.

Fifth race, five-eighths of a mile—Nubia won, Claudine second, Richard third. Time, 53½.

BLUE GRASS RUNNERS.

How They Won the Day Down in "Old Kentucky."

LATONIA, Ky., May 26.—The largest crowd since the opening day saw the best racing of the week today. The track was in the pink of condition and fast time resulted.

First race, three-year-olds and upward, one mile and a sixteenth—San Ardo won, Winny Cook second, Happiness third. Time, 1:40½.

Second race, three-year-olds and upward, one mile—Harry Weldon won, Walker second, Pompey third. Time, 1:40½.

Third race, three-year-olds and upward, one mile and an eighth—Tenacity won, Pellmell second, Lillian Lind-say third. Time, 1:55.

Fourth race, for two-year-old colts, five furlongs—Kingman won, Roseland second, Tom Rogers third. Time, 1:02½.

Fifth race, for two-year-old fillies, five furlongs—Ebel won, Mellene second, Corinne Kennedy third. Time, 1:03½.

AMONG THE PUGS.

Farrell Knocks Out Waller in the Twenty-first Round.

BUFFALO, May 29.—Ike Farrell knocked out Pete Waller in a twenty-one round fight early this morning. Both men were badly punished, and Waller was so weak that he had to be carried from the ring.

OUT ON A FOUL.

DENVER, May 29.—John P. Clow, pugilist, was shot and probably fatally wounded by Frank Hughes in a quarrel over money matters today.

KILLERS LOOKING FAT.

CINCINNATI, O., May 29.—Jake Kilrain passed through this city tonight en route for New York. He looks well and is fat. He says he was treated like a Prince in Mississippi and also expressed a belief that Sullivan was the hardest hitter in the world.

THE LAW VIOLATED.

Alien Contract Labor Brought Into Chicago Since May 1.

CHICAGO, May 29.—The Congressional committee on immigration today heard much testimony on immigration matters and many opinions from witnesses as to the best means of regulating it. A newspaper reporter who testified

said that the alien contract labor law had been grossly violated since the carpenters strike. James Burns, of the carpenters' council, was recalled. He admitted that he knew of importations of foreign carpenters, but as he was working in connection with government agents in the matter, he could only give his information at the secret session, and this was afterwards done.

Classes Found Guilty.

NEW YORK, May 29.—The jury in the case of Claassen, late president of the Sixth National bank, tonight returned a verdict of guilty on five counts of the indictment, which formed the principal charges against him. His counsel gave notice of a motion for a new trial. Claassen was taken to jail.

Murder and Suicide.

NEW YORK, May 29.—Jacob Epstein, a Russian cigar maker, shot his wife this morning and then fired a bullet into his mouth. Both wounds are supposed to be fatal.

WANT TWO OFFICES.

Mexican Cabinet Officials Seeking to Enter the Senate.

CITY OF MEXICO, May 29.—Finance Minister Dublan is sick and has been granted a leave of absence. The reason is to allow him to be a candidate for the Senate at the approaching elections. Several other Cabinet officials and governors of States will follow his example, as they cannot hold two offices at the same time and will afterwards ask leave of the Senate to occupy their other positions while proxies enter the Senate.

FOR FREE SILVER.

A HOUSING MASS CONVENTION IN NEVADA.

Stirring Resolutions Adopted Calling Upon Their Senators and Congress to Stand for Unlimited Coinage.

CARSON, Nev., May 29.—The Free Silver Coinage convention was called to order at 2 o'clock by Hon. Thos. Fitch, E. D. Kelly, of Winnemucca, was chosen chairman. A very full representation from all the counties was present. The following resolution was adopted by the convention by a large majority.

"The people of Nevada, in convention assembled, do by their delegates request their senators and representatives in Congress to favor the measure for opening the mints of the United States to a free and unlimited coinage of standard silver dollars of the present weight and fineness, to be legal tender for all debts, public and private, and to support no other bill. We can wait for justice, rather than submit to any delusive measure."

Another resolution was reported and adopted disclaiming any connection with politics on the part of the convention other than as it affected the free coinage of silver and providing for free coinage.

A central committee is to be formed with authority to call another convention if necessary.

MEMORIAL DAY.

PREPARATIONS COMPLETED FOR THE CEREMONIES.

The Militia Boys to Make Their First Public Parade—The Line of March and Order of Exercises.

One day to her dead.

The Nation gives it cheerfully. To her soldier dead she brings flowers to-day and strewn them wherever a veteran lies peacefully awaiting the judgment call.

Phoenix has made preparations with greater care, possibly, than ever, thus keeping step with the rest of the Union, which yearly cherishes increasing respect and veneration for our most solemn and tender festival.

The soldiers drilled last night, preparatory to their first formal parade to-day. Firemen brushed up their hats and belts in token that they were alive to every memory of the old soldier, whose pride was in the order and precision of that grand review in Washington when the war closed twenty-five years ago.

Professor Sharp drilled his Pioneer band boys with extra thoroughness till after 10 o'clock, in Firemen's hall last night. The following programme of pieces has been arranged for the march and cemetery ceremonies:

"Funeral March"—Beethoven.
"Rest to the Brave" Sublimine—(on entering cemetery).
Celestial Overture, Prenderville—"Nearer My God to Thee."
"America."
Return march, "The Star"—Southwell.

Comrades Ed. Schwartz and Jos. B. Reamer will this morning plant flags at each grave, so that friends may readily spread their floral offerings on arriving at the grounds.

The following is the official order of parade and exercises as issued from Grand Army headquarters:

Advance Guard.
Band.
Department Commander G. F. Coats and staff.
Company "B" commanded by Capt. Andre, acting as escort to the J. W. Owens Post.
John A. Logan Post of Tempe.
Old soldiers and visiting members of the G. A. R. Fire Department.
Equestrians, Carriages, etc.
